2023 ANNUAL REPORT

BUILT BY OUR COMMUNITY, TO SERVE OUR COMMUNITY

# WELCOME TO THE 2023 ERM ANNUAL REPORT

We continue to feel the effects from the pandemic. However, I am happy to report that we are on an upswing from where we were last year. Staffing struggles and complex financial hurdles made 2022 one of the most challenging years many hospitals faced. We continue to encounter staffing challenges, but thanks to the strength, skill, and dedication of our staff, Eaton Rapids Medical Center (ERM) has persisted and, in many instances, met or exceeded expectations. While there are fewer independent, rural hospitals in Michigan or even the country, we strive to remain the independent hospital that you have come to rely on year after year. We announced a new strategic plan last year based on five pillars of excellent care and customer service:

## COMMUNITY, STAFF, QUALITY, GROWTH, AND FINANCE.

This plan was created through intensive stakeholder collaboration and incorporates input and expertise from ERM Board members, department managers, executive leaders, and medical staff. The result is a comprehensive three-year roadmap to help us meet our goals and objectives, expand and upgrade our facility, and ensure we serve as effective stewards of community health. One metric we continue to review is our patient satisfaction scores, and we continue to have some of the highest scores in the country. We rely on you to tell us how we are doing and listen to how we can continue to improve our services.

I want to thank all of you, our patients. We couldn't be prouder that you trust us with you and your family's healthcare. We will continue to strive to be the hospital you trust.

If you have any thoughts, ideas or opinions on the future of Eaton Rapids Medical Center or our strategic path, please share them with me directly via email at [tjohnson@ermchealth.org](mailto:tjohnson@ermchealth.org). I would love to hear from you.

With Gratitude,

## EATON RAPIDS MEDICAL CENTER ANNOUNCES THE OPENING OF NEW ORTHOPEDIC CLINIC IN JACKSON WITH DR. TIMOTHY EKPO, DO

## ERMC EARNs SPOT ON *BECKER'S HOSPITAL REVIEW* "TOP 153 GREAT COMMUNITY HOSPITALS"

ERMC is happy to announce that they have earned a spot in the *Becker's Hospital Review* "Top 153 Great Community Hospitals" in the nation. Hospitals were selected based on patient satisfaction, quality of care, and overall value they bring to their community. The Becker's editorial team selected hospitals for inclusion based on several outside ranking and rating organizations, including U.S. News & World Report, Healthgrades, CMS, The Leapfrog Group, and The Chartis Center for Rural Health.

*Becker's Hospital Review* stated that ERMC earned this recognition for being one of the few independent critical access hospitals in the country. The hospital recently added new service lines, including wound care, neurosurgery, robotics, and spinal fusions. They are the region's only hospital with a 5-star CMS rating in patient satisfaction and have an average physician wait time of only 17 minutes.

"We couldn't be more proud of making this list, as it compares hospitals across the nation, not just our region," said Tim Johnson, ERMC President & CEO. "Our highly trained staff and providers help us stand out from other rural, independent hospitals. We work very hard to earn and keep the trust of the community. Being included in this review based on patient satisfaction is a testament to the great care we strive for every day."

## 2023 DAISY AWARD

Congratulations to Brittany Hernandez, RN, as being recognized for the 2023 Daisy Award for Extraordinary Nurses!

Hernandez, who has been with the Medical Surgical department at ERMHC since 2017, was nominated for the award by her entire team. Over the past year, the unit has been exceedingly busy as staff has worked to treat COVID-19 patients in addition to long-term, surgical, and admitted patients. Staff wanted to show their appreciation for Brittany by nominating her with this award.

The nomination submitted by the Med/Surg staff read, in part, “Brittany is an amazing nurse. She loves her patients. She is knowledgeable, empathetic, caring, and goes above and beyond the duties of her job and makes her patients feel at ease during their time of vulnerabilities. We are all fortunate to have such an exceptional nurse caring for our loved ones.”

“Being this year’s Daisy Award recipient means the world to me,” said Hernandez. “I truly appreciate the effort my patients put into acknowledging my dedication to caring for them. I have worked alongside most of the nominees, and I’ve witnessed the wonderful care they have given, so to know that I was nominated among those amazing nurses is a true honor.”

ERMHC joins facilities all over the world in participating in this recognition program to celebrate nurses and the skilled, compassionate, dedicated care they deliver every day.**

# HOSPITAL FOUNDATION

## 2023 EATON RAPIDS MEDICAL CENTER FOUNDATION SCHOLARSHIP RECIPIENT

Eaton Rapids High School graduate, Elly Ruddick, is the recipient of the annual Eaton Rapids Medical Center (ERMC) Foundation Scholarship. Ruddick was awarded \$1,000 toward continuing her education in the medical field.

Ruddick received her award during Senior Honors Night at Eaton Rapids High School on May 23, 2023. She also was taken on a personal tour of the hospital led by President and CEO Tim Johnson.

Currently, Ruddick is enrolled at Lansing Community College (LCC) as a Patient Care Technician. She plans to continue her schooling at LCC in the fall to start her prerequisites for the nursing program with hopes to eventually transfer to another university to receive her Bachelor of Science in Nursing.

"I've always had a love for the medical field. Both my mom and stepmom work in the healthcare field, and I want to be like them," said Ruddick. "Nurses are needed. A hospital simply wouldn't function without them." In her scholarship application, Ruddick stated that her overall dream nursing job would be to work in trauma or the intensive care unit.

Ruddick has already completed five days of clinical for her CNA certification at Holt Senior Care and another five days for her PCT certification at Sparrow Eaton Hospital.

Her strong work ethic has led her to be involved in Student Council, Interact, National Technical Honor Society, and attending the HOSA – Future Health Professionals Conference at Adrian College.

The ERMC Foundation offers a \$1,000 scholarship each year to a high school senior or undergraduate student who plans to pursue a degree in the healthcare field. The purpose of the scholarship is to provide local students with assistance in entering the healthcare field.
